

My favourite character is Captain Idyss Ebenezer Split because any rule, even the silly ones, are made by him.

In the end the animal captain betrays his crew by stealing all of the urinal cakes for himself. Mabel Jones and John help the other animal pirates to steal the urinal cakes back. The mean captain is left empty handed and both Mabel and John are taken home.

Not quite 5-stars as it could have been more funny.

## Cillian Delaney

I have lots of favourite adventure stories, but I picked "The Unlikely Adventures of Mabel Jones". I picked this book because it is funny as when the captain of the animal pirates sees another band of pirates he says "attack!". His pirates have a barrel tied to their waists and because they only have swords they run off the boat.

This book is a zany adventure because the animal pirates are silly. The animal pirates sail their ship to try and find the human world. They want to find the land of the toilet so that they may eat urinal cakes!

The two main characters are Mabel Jones and John. Mabel is a girl and at night was kidnapped by the animal pirate captain's squirrels. John, a boy, is kidnapped by the captain's armadillos.
